Dear Students,

Under the revised arrangement, while the submission of Data Management Plan (DMP) of all RPg and taught doctoral students admitted in 2025/26 or thereafter remains a compulsory requirement, publication of research data at the end of the research project is no longer a requisite. Where data sharing is intended, students should work with their supervisors to develop the implementation plans.

The step-by-step guides on Research Data Management (RDM Candidacy and Graduation Requirements) are available on the [Library's website](#) (CUHK Library website > LibGuides > Research Data Management > RDM Candidacy and Graduation Requirements).

If you need further information, please contact the [Graduate School Office](#).

With best regards,

Graduate School Office
