Croucher Scholarships for full time doctoral study

The Croucher Foundation offers scholarships tenable in 2022 to outstanding students with first class honours or equivalent degrees, final year undergraduate students, or MPhil students graduating before September 2022.

If you are a permanent Hong Kong resident and wish to devote yourself to a period of full-time study in the natural sciences, technology or medicine outside Hong Kong then you may be eligible for one of these competitive awards.

A special scholarship is offered in partnership with the University of Cambridge.

Croucher Fellowships for postdoctoral research

Promising young researchers who are Hong Kong permanent residents and obtained doctoral degrees after September 2020, students in the final year of their doctoral studies, or qualified medical doctors are welcome to apply for these full-cost fellowships. Croucher fellowships are tenable outside Hong Kong.

How to apply

You will find full details of the awards available, and the application procedures, on our website. Your application will include a detailed scientific proposal, so please allow plenty of time to complete the form.

All applications must be submitted online before 5:00 pm on 15th November 2021.
