

Courses offered in Term 1, 2020-21 NOT adopting Pass/Fail Grading Option**Faculty of Engineering**

Division Desc	Course Code	Description
Division of Biomedical Engineering	BMEG5920	M.Sc. Project I
Division of Biomedical Engineering	BMEG8003	Thesis Research
Division of Electronic Engineering	ELEG5301	Photonic Integrated Circuits
Division of Electronic Engineering	ELEG5550	Micro- & Nano-Fabrication Lab
Division of Electronic Engineering	ELEG5732	RF Circuits and Systems
Division of Electronic Engineering	ELEG5743	Adv Signal Process'g for Comm
Division of Electronic Engineering	ELEG5753	Flex Electronics & Solar Tech
Division of Electronic Engineering	ELEG5760	ML for SP Applications
Division of Electronic Engineering	ELEG8003	Thesis Research
Division of Information Engineering	IERG6120	Advanced Top in Inform Erg I
Division of Mechanical and Automation Engineering	ENGG5404	Micromachining & MEMS
Division of Mechanical and Automation Engineering	MAEG5080	Smart Materials and Structures
Division of Mechanical and Automation Engineering	MAEG5780	Railway Engineering & Systems
Division of Mechanical and Automation Engineering	MAEG8003	Thesis Research
Division of Systems Engineering & Engineering Mgt	ECLT5920	Decision Methodologies w/FinAp
Division of Systems Engineering & Engineering Mgt	SEEM5820	Introduction to Financial Eng.
